SMALL NURSERY STOCK

IN PRESENTING this season's pamphlet, I do not offer an extensive line, but make a specialty of the seeds and plants herein listed. You do not want poor stock at any price, and I affirm without qualification that my prices are as low as quality supplied will justify. I want your trade and will give value received in quality for money sent me.

ORDER EARLY. Look this pamphlet over carefully. Make up your order now and forward same. Then there will be no delay when planting time comes. Remember, I furnish THE VERY CHOICEST SEEDS FROM CHOICEST STOCK.

Yours truly,

E. B. WILLIAMSON

Mammoth Squash

If you want to grow some enormous squashes, something big for exhibition purposes you should try the Mammoth. These are very large and grow to weigh as much as two hundred pounds and it is hard to tell whether they are squashes or pumpkins as they seem to be part way between. Price, 10c per package; three for 25c.

Banana Squash

This is not a new variety. It is probably the best in quality of all squash, large in size, a great yielder, a good keeper, and of most excellent flavor. My strain of Banana Squash generally grows over two feet and some times over three feet. You will find this squash superior to all others. Price, 10c per package; 3 for 25c.

Mangel Wurzel

MAMMOTH LONG RED: A widely grown, large red mangel. Enormously productive, specimens often weighing twenty to twenty-five pounds. Very smooth, uniform and of good shape. A most excellent feed in winter for live stock and poultry. Easily grown and they help to keep stock in good condition and free from disease. Price 10c per pack; 3 for 25c.

Golden Tankard

The standard mangel. Rich, golden yellow flesh, cylindrical in shape, easily taken up and splendid keepers. In yield no mangel surpasses it, and none have better keeping qualities. I can strongly recommend this strain of Golden Tankard. Price, 10c per pack; 3 for 25c.

Sweet or Sugar Pumpkins

If you want genuine, good old fashioned pumpkin pie, plant my strain. They cook quick and are really delicious; rather small, flattened at the end, slightly ribbed, orange colored skin and flesh, and matures very early. An excellent keeper. Price, 10c per pack; 3 for 25c.

Golden Wax Beans

The most popular variety and this popularity is due largely to the fact that the strain I have is a great improvement over the old Golden Wax; have larger pods and wonderfully prolific. This stock is one of the handsomest beans I have ever seen, the pods a rich golden yellow rather than of a perfect shape and rust proof. Be sure and include in your order wax beans. You will find them most delicious. Price, 10c per package; 3 for 25c.

"1200-to-1" Navy Beans

This bean has made a wonderful record everywhere. I wish I had space to reproduce the testimonials I have received. It will produce more beans from the amount of ground planted and quantity used for seed, than any other white bean. More than 1200 beans have been produced on a single plant. Pods well filled with nearly round, medium sized, pure white beans of best quality. Three packs will supply the average size family one year. By all means try these beans, then write me your success. Price, 10c per pack; 3 for 25c.

Icicle Radish

This is a long, extra early variety with color of snowy white. It is crisp and brittle and of an excellent mild flavor, many claiming that it has a better flavor than the scarlet varieties. It has the same mild flavor at all stages of its growth and is the most popular of any of the white sorts. If you relish good radish you are making no mistake in selecting this seed for your garden. Price, 10c per package; 3 for 25c.

Crisp-as-Ice Lettuce

This is a beautiful lettuce of the romaine type. The solid heads are of medium size and the leaves are so tender and brittle as to have suggested the name, CRISP-AS-ICE. Head has a rich yellow heart. The leaves are thick and glossy, some what curled, green color, variegated with bronze. It cannot be over estimated or over praised for home use in spring, summer or late in fall. Price, 8c per package; 3 for 20c.

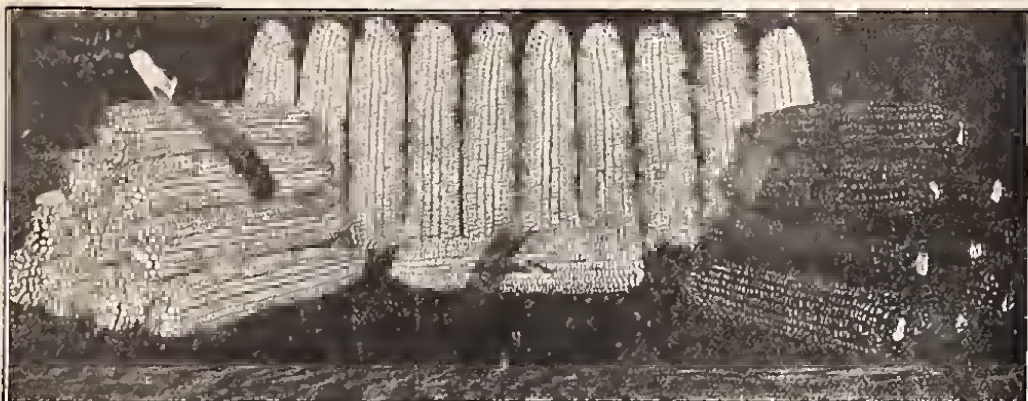

Tom Thumb Pop Corn

The newest and best. Dwarf growing, heavy popping, sure popper. Pops twenty times its size. Nothing ever grown can compare with this strain and I cannot say too much of this pop-corn. Be sure and include an order of this remarkable variety. Price, 10c for a big pack; 3 for 25c.

DELUE'S GOLDEN GIANT, the Sweetest Sweet Corn on Earth (See Description on Back Page)

The Problem Before the American Farmer Today

Is to make **two** ears of corn grow where only **one** grew before. Land advancing makes this a very necessary achievement, and your Seed Corn is a mighty important item. At the recent Corn Show held at Chicago, INDIANA CORN again showed its supremacy. My Seed Corn is **all Indiana grown**, and is absolutely guaranteed true to type.

THE perfect bushel of corn is like the perfect family, or the perfect neighborhood—something very rare. Go to your own crib and pick out a bushel of the best ears you can find, and see how rare is the perfect ear, one that comes up to the standard in every way. I've got some pretty good corn, but I do not want you to think they are all perfect ears. Just the same, I am sure you cannot get better corn anywhere at any price. I know the corn I sell.

Williamson's Improved Early Leaming Corn

This strain of early leaming has been bred and kept pure for eighteen years by Isaac Williamson of Kosciusko County, and we doubt very much if there is a better strain of improved leaming in the United States. Leaming produces well in light and heavy soils where other varieties could not thrive. It will mature in one hundred days. Because of its earliness and vigorous growth it will make a crop even in dry seasons. Send in your order early. Price, 1 bu. \$4.00; 1/2 bu. \$2.25; 1/4 bu. \$1.25; 1 lb. 25c.

Williamson's White Wonder Corn

This is strictly a white corn with red cob. It is, without a doubt, the greatest yielder I have ever seen, often producing twenty-five to thirty-five bushels per acre more than common size corn. Grain of good size, clean on the surface, and will mature in 110 to 115 days. I would like to see every farmer make a start on this corn this year. Upon exhibition of this corn last fall I made large sales, leaving a limited quantity on hand, therefore, I can only allow three pounds to a customer. Guaranteed to please. Price, 40c per pound; 3 pounds \$1.00.

Kauffman's Calico Corn

If you are a feeder, you will do well to get a start of this great yielding, great feeding and good mil variety of corn. Rich in oil and protein, easily masticated by cattle, hogs, large; stalks, strong and thrifty. I am willing to put this strain of Calico up against any you can obtain. It seems peculiarly adapted to all lands and is a heavy producer on rich ground. Try it; you can't afford to be without some of this variety if you are a feeder. Matures in 100 to 105 days. Price, 1 bu. \$3.75; 1/2 bu. \$2.00; 1/4 bu. \$1.15; 1 lb. 25c.

A FEW FACTS ABOUT GOOD RASPBERRIES

(Photographs Don't Lie)

EACH year we hear of a new raspberry being introduced. Some of them have proven to be successful, but by careful observation and actual experience we find that our **NEW IMPROVED CUMBERLAND (Black Cap)** and **SCOTT'S COLOSSAL (Red)** to be the most reliable, most prolific and best money makers of them all.

RASPBERRIES are the most delicious and popular of all small fruits, except possibly, the strawberry. They are more and more becoming the most profitable of the bush fruits, and should be grown commercially for all markets as well as home uses.

WHEN BUYING RASPBERRY PLANTS you can't afford to take chances. You can't afford to

plant anything that you do not know to be right. In no other business must the buyer lean so strongly upon the producer as in this business, for you do not know whether or not your plants will be right until they come into bearing.

I absolutely guarantee that all plants sent out by me to be strictly as represented.

TO WHOM IT MAY CONCERN:

We can say that we have seen products raised by Mr. Williamson and while his line is not extensive, it is of most excellent quality.

We know him to be responsible and reliable, striving to supply his customers with high-grade stock, and believe he will sustain every statement made in his pamphlet.

Yours truly,
City National Bank
of Goshen
C. E. CORNELL, Cashier.

ACTUAL
SIZE

SCOTT'S
COLOSSAL

MY GUARANTEE

That all raspberry plants sent out by me have been taken from my best producing stock, and if carefully planted, and properly cared for and cultivated that they will grow.

Should any fail to do so, I will replace such plants at half price. What better can I offer?

E. B. WILLIAMSON

DELIGHTFULLY DELICIOUS **SCOTT'S COLOSSAL** RICH RED RASPBERRY

SCOTT'S COLOSSAL is a large, handsome, bright red raspberry that stands today a great producer, a sure cropper, and of the finest quality. On account of the phenomenal yield of each plant and the huge proportions to which it grows, no one will need a large quantity for personal or family use.

"THE PROOF OF THE PUDDING IS IN THE EATING"

Improved Cumberland Black Raspberry

A view of the most wonderful producing six-year-old **IMPROVED CUMBERLAND BLACK RASPBERRY** patch. This patch has never failed to produce good crops, and berries sold from it the past season netted \$586.00 per acre, wholesale.

ALL ORDERS will be acknowledged promptly and shipments made when the weather condition permits.

To avoid danger of cold and frost, those living in the South please take into consideration the difference in our climate.

ALL SEED ORDERS go forward at once.

IF INTERESTED in nursery or shrubbery not listed in this pamphlet, write me your wants. I am located adjacent to one of the largest and most reliable nurseries in the middle-west; one where you can obtain reliable stock, true to name, reasonable prices and honorable treatment.

One-year-old **IMPROVED CUMBERLAND BLACK RASPBERRY** patch. Notice its thrift. Like its parent, the six-year-old patch, it also is a wonderful producer.

PLANT THESE in Your Garden This Year:

"DeLue's Golden Giant" Sweet Corn
"1200-to-1" Navy Beans
"White Icicle" Radish
"Improved Golden" Wax Beans

You Will Be MORE Than Pleased

LOOK the Seed List Over.

Remember, there is real quality in every pack. There is no better anywhere no matter what the price.

"SEED FROM THE LAND OF GOSHEN"

NEW CREATIONS AND SPECIAL SELECTIONS

Grow All the Vegetables Your Garden Can Produce—Eat Them Fresh—Evaporate Them, Can Them, Store Them, and Be Independent of High Food Prices!

E. B. WILLIAMSON GOSHEN, INDIANA

THese seeds were selected because they are worthy of the Williamson name and label.

On their quality, on the success they bring to you in your garden, depends my entire future success.

CULTURE DIRECTIONS ON PACKETS

YOU don't want to pay out good money later for vegetables you forgot to plant. In a few minutes you can run over this entire list. *Do it now and be sure!*

BEANS

GOLDEN WAX IMPROVED. Rust Proof
This is a very prolific cropper of high quality. The pods are golden yellow, fleshy and solid, brittle, waxy texture, excellent for home and market gardens. The upright growth of my strain holds the pods well above the ground. Price, 10c per pkt.; 3 for 25c.

BURPEE'S STRINGLESS GREEN POD
This famous snap bean is unequalled. It combines unusual hardness, extreme earliness and wonderful productiveness. The pods are a rich green, almost round and gracefully formed. Tender, brittle and absolutely stringless, even when full grown. Price, 10c per pkt.; 3 for 25c.

BURPEE'S IMPROVED BUSH LIMA
The pods are truly enormous in size; borne abundantly and well filled with handsome beans. Full grown bushes measure thirty inches in height and twenty-four inches across the top. If you are lover of good Lima Beans, plant this one. Price, 10c per pkt.; 3 for 25c.

KING OF THE GARDEN POLE LIMA
A climber that blooms and produces to end of the season. A strong grower and uniformly large podded. The old standard market and family sort. Price, 10c per pkt.; 3 for 25c.

SUNNYBROOK POLE LIMA
Burpee's latest. This variety is earlier in productive pods ready for picking, than any other large seeded pole lima. Each pod is closely packed with four and often five large, thick, meaty beans. They are light green color and of the very highest quality. Very prolific. Price, 10c per pkt.; 3 for 25c.

1200 TO 1

I have been raising this bean for several years and cannot speak too highly of it. The plants are of decided robust growth, branching freely, producing great quantities of pods in clusters, well filled with nearly round, medium sized, pure white beans of the best quality. A 10c pack will grow a years supply for the average family. Price, 10c per pkt.; 3 for 25c.

BEETS

DETROIT DARK RED

A friend in any garden for home or market. Skin, dark blood red; flesh, bright red, sweet, tender, and delicious. Roots are turnip shape. Price, 10c per pkt.; 3 for 25c.

CROSBY'S EARLY EGYPTIAN

Grows extra quick, producing flat, smooth, turnip-shaped roots. Deep red color; smooth and tender. Sweet flesh that is richly palatable. Price, 10c per pkt.; 3 for 25c.

EARLY BLOOD TURNIP

Has smooth, round roots of medium size, with dark red flesh, fine grain, retains its deep coloring when cooked. It is sweeter and finer than any other beet. Free from tough fiber and a quick grower. Price, 10c per pkt.; 3 for 25c.

CABBAGE

EARLY JERSEY WAKEFIELD

The best first-early oblong cabbage. The heads are uniformly hard and solid. They are pyramidal in form, generally pointed at the end, with but few outside leaves. Price, 10c per pkt.; 3 for 25c.

EARLY WINNINGSTADT

The heads are of the same size as the Jersey Wakefield, but more shapely; pointed and not quite so early. By reason of its great solidity, it is a popular variety; also to plant in the summer for winter use or cutting for kraut. Price, 10c per pkt.; 3 for 25c.

CABBAGE—Continued.

PREMIUM FLAT DUTCH

Sure solid header. Each head weighs 10 to 12 pounds when well grown and measures thirteen inches across. My strain is comparatively free from a disposition to burst and is one of the most reliable winter keepers. Price, 10c per pkt.; 3 for 25c.

DANISH BALLHEAD

In cold climates this cabbage beats all others by a mile. Flesh is pure white, sweet, crisp and tender. My strain of this excellent variety is highly bred to resist such diseases as "Yellows" and "Black Rot." Price, 10c per pkt.; 3 for 25c.

CARROTS

EARLY CHANTENAY

This is a very choice strain, producing thick roots of the finest quality. Flesh tender, fine grained, free from hard core; sugary sweet and of a deep golden orange. Cannot be beat for table use. Price, 10c per pkt.; 3 for 25c.

OXHEART

This is a widely grown home garden variety. It is of a very rapid growth, tender and of very fine flavor, which makes it very desirable. Full grown roots measure 2½ inches in diameter at the top and 3 to 4 inches in length. Price, 10c per pkt.; 3 for 25c.

BROOM CORN

IMPROVED EVERGREEN

The past season I have raised some most wonderful Broom Corn; not enough to sell in large quantities, but enough so you can get your own seed for another years planting as well as enough brush for making brooms for the average household. This is the most popular Broom Corn to grow. Price, 10c per pkt.; 3 for 25c.

CORN—Continued.

POP CORN

TOM THUMB

Here is the best Pop Corn ever put in a popper, pops 20 times its size. Nothing ever grown can compare with my strain. It is very tender and almost melts in your mouth. Price, 10c per pkt.; 3 for 25c.

SWEET CORN

GOLDEN GIANT

I was the first to introduce this wonderful Sweet Corn. Four years ago, I succeeded in getting 63 kernels from the originator, Mr. De Lue of Mass., and today I consider it, without question, the richest and sweetest of all varieties of Sweet Corn. It usually produces two large ears on each stock and is from one to two weeks earlier than Golden Bantam. Price, 25c per pkt.; 3 for 60c.

COUNTRY GENTLEMEN

My strain has been especially selected for small deep kernels and sugar content and represents the highest bred type. The ears, which are 7 to 9 inches long are borne on stalks 6 to 7 feet high. A strong grower and very productive. Price, 10c per pkt.; 3 for 25c.

GOLDEN BANTAM

Golden Bantam is an extra early, yellow sort. The ears are borne 2 to a stalk, are about 6 inches in length with eight rows of kernels on cob. If you want absolute purity in Golden Bantam try my strain. Price, 10c per pkt.; 3 for 25c.

STOWELL'S EVERGREEN

The great main crop variety of Sweet Corn. The stalks are strong and vigorous and grow 7 to 8 feet high. Ears about 8 inches long with 16 or more rows of finest, sugary grains. The deep set, white kernels of sweetness are tender and very fine, which accounts for the great popularity this standard Sugar Corn has attained. Price, 10c per pkt.; 3 for 25c.

SEEDS (Continued from first page.)

CUCUMBERS

PAGEANT OF PROGRESS

This new Cucumber is the sensational novelty of the year. You can now raise greenhouse cucumbers outdoors. It is darker in color than Davis Perfect, more uniform in shape and size, thinner and more prolific with a most delicious flavor. Only a limited quantity of this seed will be offered this season. Price, 10c per pkt.; 3 for 25c.

IMPROVED LONG GREEN

My strain is extra early and the fruits are very long, slender and uniformly dark green color. Excellent for slicing and very largely used for pickles. Flesh is crisp, solid and of most excellent quality. Price, 10c per pkt.; 3 for 25c.

IMPROVED EARLY WHITE SPINE

These Cucumbers are very regular in outline and uniform in size, averaging 8 to 10 inches in length, straight, and of a rich dark green color. Flesh white, crisp and solid, with comparatively few seeds. Price, 10c per pkt.; 4 for 25c.

PERFECTED DAVIS PERFECT

This is an all variety. The fruits are from 12 to 13 inches long, slightly tapering on the ends. Intensely dark, rich green skin. Flesh solid, thick, with small seed cavity and few seeds. This cucumber always brings an extra price on the market. Price, 10c per pkt.; 3 for 25c.

EGG PLANT

NEW YORK IMPROVED SPINELESS

This is an entirely spineless strain of the large, purple-fruited type. The plants are very productive, fruits large, and skin is a rich lustrous purplish black. Price, 10c per pkt.; 3 for 25c.

GOURDS

ODD COLLECTION

Here is a great mixture of rare, strange and curious Gourds one would never think of seeing. The colors, shapes and sizes include nearly everything to be found in the gourd family and just what you want to plant for a curiosity. Price, 10c per pkt.; 3 for 25c.

LETTUCE

CRISP AS ICE

Makes compact, solid heads of medium size, and leaves are so tender and brittle as to have suggested the name. When cut open, a rich, creamy heart. Leaves green, thick, glossy, somewhat curled with bronze edge. Ready in 55 to 60 days. Price, 10c per pkt.; 3 for 25c.

IMPROVED HANSON

The most reliable header for the home garden. The outside leaves are glossy green and handsome and so compact that the under leaves are blanched almost white. A wonderful summer variety as it does well in hot dry weather. Ready in about 50 days. Price, 10c per pkt.; 3 for 25c.

BLACK SEEDED SIMPSON

This is a reliable variety and easily grown. The leaves grow large, the inner ones forming a semi-compact head. It is tender, crisp and sweet flavored; remains of excellent quality a very long time. Ready in about 44 days. Price, 10c per pkt.; 3 for 25c.

NEW YORK or WONDERFUL

One of the very best of the curled or crisp heading varieties. Plants of very large growth producing closely folded heads of immense size, hard and well blanched. Quality is excellent, being sweet yet never buttery in flavor. Price, 10c per pkt.; 3 for 25c.

MANGEL WURZELS

MAMMOTH PRIZE LONG RED

Largest and heaviest cropper of long, red sorts. Flesh white with veined rings of rose pink. Most excellent for poultry and stock food. Price, 10c per pkt.; 3 for 25c.

GOLDEN TANKARD

It combines apparently all of the line points possible to condense into a Mangel. The flesh is firm and solid and a rich golden yellow in color. On account of its shape, enormous crops are grown and it is easily lifted from the ground. Price, 10c per pkt.; 3 for 25c.

MUSKMELONS

HEART OF GOLD

I have the originator's strain. The vines are vigorous and blight-resisting. Flesh very thick, firm, highly colored, fine texture and of most delicious flavor. Very productive, one vine has been known to produce twenty-one fine specimens. Will produce in 70 days from planting and will give daily picking of fruit 30 to 50 days, depending on weather conditions. Price, 10c per pkt.; 3 for 25c.

BANANA

Long fruits, having a banana-like aroma. The fruits measure 15 to 20 inches in length, and from 5 to 7 inches in diameter. The saloon flesh is thick and of a most delicious flavor. Price, 10c per pkt.; 3 for 25c.

OSAGE (Extra Select)

Is of medium size, oval in form, dark green in color. The flesh is extremely and uniformly thick and of firm texture, rich salmon in color; highly flavored and delicious to the mind. No better strain of Osage obtainable anywhere on earth. Price, 10c per pkt.; 3 for 25c.

GOLD LINED ROCKYFORD

An improvement over the old standard Rockyford. Flesh thick, fine grained, and so sweet and luscious that it may be eaten to the rind. Color green with a golden margin next seed cavity. Try my strain of Rockyford; you will be delighted. Price, 10c per pkt.; 3 for 25c.

HACKENSACK (Extra Early)

Produces melons in 65 days. Fruits are of good size, round, heavily ribbed and wadded. Hardy and productive, with thick, firm, green flesh of excellent flavor. Price, 10c per pkt.; 3 for 25c.

GOLDEN HONEY DEW

While this is a comparatively new melon, yet it has attained great popularity. They can be grown in any section of the country. They are of the Casaba Type and long keeping. Flesh is 2 inches thick, sweet as drops of honey and similar in flavor. Plant some and be pleased. Price, 10c per pkt.; 3 for 25c.

PEAS

MCLEAN'S LITTLE GEM

Stong and vigorous growth, producing vines from 18 to 24 inches height. Pods are almost straight, light in color and blunt ends. Ready to pick in 59 to 61 days. Price, 10c per pkt.; 3 for 25c.

FIRST AND BEST

Early, productive and hardy with a strong, vigorous vine which is light in color and uniform in growth, 2½ to 3 feet in height. Seed round and rather small. Price, 10c per pkt.; 3 for 25c.

LAXTONIAN

This handsome, wrinkled Pea is the largest podded of the dwarf varieties. Pods about 4 inches in length. Seeds light green, large and wrinkled. The earliness in combination with the very large, handsome, dark green pod make it most desirable. Price, 10c per pkt.; 3 for 25c.

ALDERMAN

A large podded Pea of the Telephone Type. Grows to 5 feet in height with pods measuring nearly 6 inches in length and contain 8 or 9 very large peas of superior flavor. Price, 10c per pkt.; 3 for 25c.

PUMPKIN

SWEET OR SUGAR

This is the pumpkin from which the celebrated Yankee Pumpkin Pie is made. Rather small but handsome variety. Skin is deep orange yellow, with fine grained flesh. Cooke quickly and cannot be equalled as a table pumpkin. Price, 10c per pkt.; 3 for 25c.

GOLDEN OR YELLOW GUSHAW

A popular crookneck variety, with hard shell. Fruits two feet in length, with long, solid, meaty neck. Thick flesh of very fine quality. Price, 10c per pkt.; 3 for 25c.

CONNECTICUT FIELD

The hardiest of all pumpkins cultivated mainly for stock feeding. My prize-winning strain cannot be heat, and if you are a feeder, plant some. Price, 10c per pkt.; 3 for 25c.

PEPPERS

CHINESE GIANT

The largest, mild Red Pepper. Grows to an enormous size and is magnificent in appearance. The flesh is unusually thick, mild flavor and makes a very fine salad when sliced and served like tomatoes. My seed is all selected from prize winning stock. Price, 10c per pkt.; 3 for 25c.

LONG RED CAYENNE

The true Cayenne; Hot and pungent. This is a well known variety, having a slender twisted and pointed pod about 4½ inches long and when ripe is bright yellow in color. Price, 10c per pkt.; 3 for 25c.

BULL NOSE

One of the large sorts, very thin skinned, sweet and mild flavored; much used for stuffed pickles. Price, 10c per pkt.; 3 for 25c.

NEW SWEET MEAT "PIMENTO"

This is the finest variety of the "Pimento" Type and very thick flesh. The solid meat is always "Sweet as an apple." Especially good in sandwiches. Price, 10c per pkt.; 3 for 25c.

BURPEE'S SUNNYBROOK

This is a new novelty and I am the first to introduce it outside the originators. The bushes grow 15 inches high and measure approximately 22 inches in diameter; bearing as much as 40 perfect fruits on one plant; skin smooth, glossy and of a rich, deep scarlet color. The flesh is thick and sweet and oftentimes measures five-eighths of an inch in thickness. It matures very early and bears fruit continuously until frost. Price, 10c per pkt.; 3 for 25c.

RADISH

EARLY LONG SCARLET SHORT TOP

Many consider this the best long radish for the home garden. The roots grow five to six inches. The flesh is white, crisp and brittle. They are ready in four to five weeks from outdoor sowing in early spring. Price, 10c per pkt.; 3 for 25c.

WHITE ICICLE

The finest and longest of the very early pure white varieties. This radish is crisp and tender not only when young, but retains these qualities until the roots attain large size. Many of my customers say it is the finest radish they have ever grown. Price, 10c per pkt.; 3 for 25c.

EARLY SCARLET TURNIP

This radish is a table dainty, crisp, tender and sweet. It is turnip shaped, bright scarlet color with white top. It combines beautiful appearance with finest radish quality. Price, 10c per pkt.; 3 for 25c.

SQUASH

TRUE HUBBARD

This is the well known winter squash, now grown so largely throughout the country. Fruits large, olive shape with dark green skin and very rich flesh. Excellent keeper and of splendid quality. Price, 10c per pkt.; 3 for 25c.

WARTED HUBBARD

The most productive hard-shelled winter squash in existence. The flesh is of a bright orange yellow, fine grained, thick, dry and richly flavored. My improved strain has reached the height of perfection. Price, 10c per pkt.; 3 for 25c.

BANANA

This is not a new variety. It is probably the finest in quality of all Squash. Large in size, a big yielder, a good keeper and of most excellent flavor. The stock I offer is true to type and is a great favorite wherever known. Price, 10c per pkt.; 3 for 25c.

DELICATA

To much cannot be said of this Squash. Rind, orange-yellow, splashed and striped with dark green. The flesh is rich, dry and particularly fine. On account of its extreme solidity it is a most excellent winter keeper. This is sometimes called Sweet Potato Squash and can be served in like manner. Price, 10c per pkt.; 3 for 25c.

GIANT SUMMER CROOKNECK

Largest and one of the earliest of the crookneck summer Squashes. Fruits have warted surface; color deep yellow. Flesh tender and of excellent flavor. Price 10c per pkt.; 3 for 25c.

SQUASH—Continued.

MAMMOTH CHILI

If you want to grow something big, here you are. One 10c packet will grow more than a ton of squash. The skin is quite smooth but with broad open netting and of a rich orange-yellow. Flesh is thick, fine grained and sweet. Price, 10c per pkt.; 3 for 25c.

TOMATOES

EARLY WONDER

Here is positively the greatest and grandest Tomato novelty of the age. It is very early, smooth, finely flavored, thick meated, sweet and delicious. Color, a deep, glossy, dark red; in fact, a huge red beauty from every standpoint. This is what you have been looking for in an extra early Tomato. Price, 15c per pkt.; straight.

TRUE GRANT PONDEROSA

Of the large fruited varieties, this is a gem. The fruit is oblong in shape. Flesh solid; of sweet flavor and small seed cells. I have grown tomatoes that have weighed 2½ pounds. At the leading fairs and expositions it is a walkaway with me when it comes to big tomatoes. Price, 10c per pkt.; 3 for 25c.

NEW STONE

The fruit is of good size, red in color, smooth and of extra good table quality. Vines vigorous and productive, and has well earned the title, "King of the reds." Price, 10c per pkt.; 3 for 25c.

MATCHLESS

Best large fruited, smooth, main crop Tomato. Produces large, handsome Tomatoes most abundantly throughout the season. Fruit is rich cardinal red, smooth and solid, free from core and of finest flavor. No scarlet colored tomato can equal the Matchless. Price, 10c per pkt.; 3 for 25c.

EARLIANNA (Extra Select)

I have an improved strain of this variety. It is remarkably free from rough fruits. It is compact in growth, with stout jointed branches. The vines yield well and the fruit is solid and of the finest flavor. Price, 10c per pkt.; 3 for 25c.

ISELL'S NEW COLOSSAL

The Largest and best Tomato in cultivation for the garden. Often weighs three pounds and very many on each vine. Solid as a slice of steak, and contains few seeds. If you want to raise something big, try this. Price, 10c per pkt.; 3 for 25c.

WATERMELONS

IRISH GREY

The latest introduction in melons and a mighty good one. It's sweet, the flesh is red, crisp and free from stringiness. It is of the popular long shape, and has a distinct color, a mottled greenish grey. The plants are vigorous and bear much longer than other sorts, producing fruits when other varieties have died out. Price, 10c per pkt.; 3 for 25c.

TOM WATSON

There's delicious sweetness in every bit. The flesh is rich, red, crisp and tenderly melting; medium early, oblong, of attractive appearance. Fruits average 35 to 40 pounds, 28 inches long, 12 inches in diameter. Skin is very dark green. My seed has been carefully bred and selected from perfect specimen melons. Price, 10c per pkt.; 3 for 25c.

MCIVERS WONDERFUL SUGAR

It's rose colored flesh is crisp, very sweet and solid to the center. A choice variety. Price, 10c per pkt.; 3 for 25c.

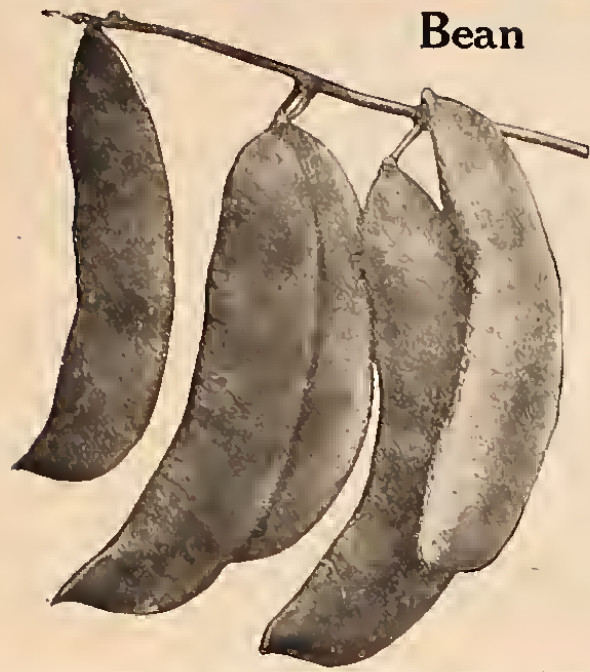

KLECKLEY'S SWEETS

Kleckley's Sweets is one of the best known varieties of watermelons and most desirable to plant for your home use or nearby markets. Oblong in shape. Firm, crisp, entirely free from stringiness, and sweet as sugar. For the seed, grown by the originator, Mr. Kleckley, I charge 10c per pkt.; 3 for 25c.

ICED HONEY

Very thin shell, round, of light striped, green color. It is without a doubt one of the most prolific watermelons, and remarkably sweet. A good garden sort. Price, 10c per pkt.; 3 for 25c.

Burpee's Sunnybrook Pole Lima Bean

If you appreciate the sweet and tasty flavor of really choice Lima Beans you should give Burpee's Sunnybrook Pole Lima a trial. The main features of this fine new pole lima bean are its extreme earliness and tremendous prolificness. Just think of it—five to ten pods of large size on each spike, filled with four or five large, thick, meaty, light green beans of the finest quality.

Burpee's Sunnybrook Pepper

"Sweet as an apple"

This is a most wonderful novelty. The photograph illustrates well the characteristic habit of the clusters. A remarkable feature is its sweetness. Matures very early, bears fruit continuously until frost, and is truly the sweetest and most tasty of all peppers. The skin is smooth and glossy, and of a rich, deep scarlet color.

Cumberland Raspberry Eldorado Blackberry and Dunlap Strawberry PLANTS

Concord Grape Vines

State Inspected. Full of Life and Growing Power

WRITE FOR QUANTITY PRICES

World's Largest Sunflowers

SUNFLOWERS are a most healthy food for poultry. You will find it in every high-grade commercial scratch feed. Planted in their runs they make the most excellent shade. They have been found to have considerable value for silage purposes, and it is not unlikely that fields of sunflowers may become common throughout the corn belt. My seed this year has been most carefully selected and only sold in packages.

MAMMOTH RUSSIAN

This is the largest and most productive of all Sunflowers. I have reports from customers who have grown one bushel and three pecks from a 10c packet. Price, 10c per pkt.; 3 for 25c.

WHITE BEAUTY

This is a new variety, heads grow very large and produce an abundance of pure white seed. A great favorite with breeders of white poultry. Price, 10c per pkt.; 3 for 25c.

BLACK BEAUTY

Similar to White Beauty with the exception of seed which are black. Very Productive. Price, 10c per pkt.; 3 for 25c.

Nitro-Bacter Soil Vaccine

The secret of growing more vegetables.
The solution of your farm and garden problems.
The new way to grow bigger crops.

THESE are days when the man with a farm or garden is satisfied with only genuine results. What he wants is not high sounding advice. He wants to grow a bigger, better and earlier crop and to do it with less work; and the expert who has the most applause is the one who gets down to brass tacks and shows you how to produce more vegetables, or hay, or corn, or other grain, from the same spot of ground without breaking your back doing it.

TESTIMONIAL

Beaver Dam, Wis., June 28, 1921.

Dear Sir:—On the 28th day of May I purchased a small, garden size can of your "Soil Bacteria", and am treating my entire garden with it. The cucumbers, potatoes, beans, peas, tomatoes and sweet corn are far ahead of the neighbors' gardens.

I am today ordering another can, and highly recommend our product to anyone who wants a larger production from their farm or garden.

Yours for success, ERNEST KLASSE.

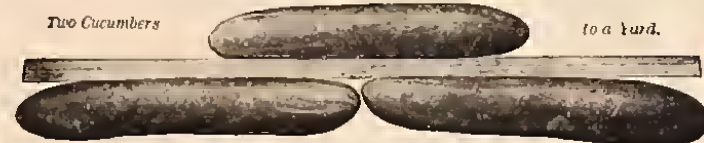

Garden size . . . \$1.00 | 2-Acre size . . . \$ 5.00 | 20-Acre size . . . \$25.00

WRITE FOR DESCRIPTIVE LITERATURE

IT IS UNFORTUNATE that there is so large a market for inferior seeds. Bad for the true seedman and bad for the farmer or gardener who buys them. I would not hesitate to say that the loss of crops each year through the use of inferior seeds runs into many millions of dollars. But it is a condition that we shall have with us until the general public becomes better educated to the use of pure-bred stocks.

To the man who wishes only the best, and is willing to pay a fair price, I would say, plant

Williamson Seed
"From the Land of Goshen"

Pageant of Progress New Cucumber

A view of the most wonderful producing six-year-old Improved CUMBERLAND Black Raspberry patch. This patch has never failed to produce good crops, and berries sold from it the past season netted \$586.00 per acre, wholesale.

Kunderd Gladioli

THE WONDERFUL new strains of "Kunderd" Gladioli are now so well known and so world wide has become their popularity that I need not give you a long story about them in this pamphlet.

Here in the "Land of Goshen" they grow the finest Gladioli in the world! Here in this Wonderland many millions of bulbs are annually produced and shipped in all parts of the world.

THIS LIST WAS PERSONALLY SELECTED BY MR. KUNDERD

IDA VAN—A most beautiful deep salmon red, or flaming orange-pink. Very rich and brilliant color. Highest award at Cleveland, and Certificate of Merit at London, England. Price, 10c each; \$1.00 per dozen.

MRS. FRANK PENDLETON—Bright rose-pink on a pure white ground. A giant blotch of richest carmine red on lower petals. No grander variety in existence. Price, 15c each; \$1.50 per dozen.

YOUELL'S FAVORITE—Large flower and plant. Striking rosy lavender and pink. Conspicuous and fine. A great favorite among ruffled varieties. Price, 20c each; \$2.00 per dozen.

1910 ROSE—Very large flower, pure rose pink, extra fine shade. Narrow white central line on lower petals. 20c each; \$2.00 per dozen.

LILYWHITE—The fine, new, pure snow-white Gladioli that florists have long been looking for. Has nice size blossoms, six to seven opening at a time; very prolific. Price, 25c each; \$2.50 per dozen.

WHITE GLORY—A gorgeous pure white of exact size and type as "Kunderd's Glory," with beautiful Iris, blue-white. Fine as a delicate Iris. Grand. Price, 35c each; \$3.50 per dozen.

SENT POSTPAID. Send for Prices on Larger Quantities.

DASHEEN

The Coming New Vegetable! | The Potatoes Only Rival!

I call the Dasheen a new vegetable because it is new to this country, but in fact it has been grown for years in China, and is known in the various parts of Europe and Asia and in some localities in South America. They are grown principally as a root crop, the tubers being used the same as Irish potatoes and sometimes reach a weight of more than six pounds each. Crops of 300 to 900 bushels per acre have been produced. You will find them one of the finest vegetables and most showy ornamental foliage plants. This year is the time to get started with a few so as to raise your own seed tubers for next year's planting. Pamphlet giving culture directions and recipes for preparing and cooking free with each order.

Price, 3 for 40c.; 6 for 75c.; 12 for \$1.25; 25 for \$2.00, delivered to you, postpaid.

JUST ONE OF MANY

McKees Rock, Pa., Dec. 20, 1921.

E. B. WILLIAMSON, Goshen, Ind.

Dear Sir:—The raspberry plants I got from you grew fine. They are the finest I have ever seen, and I doubt very much if my patch can be equaled anywhere in this country. The sunflowers grew very large and the squash just simply grew all over the earth—every vine full of big beauties. Will want some Concord grapes, so send catalog.

Yours truly,
L. M. HERRINGTON, M. D.

POULTRY BANDS

THE IDEAL ALUMINUM LEG BAND

Is LIGHT, NEAT, STRONG and DURABLE. Easily and quickly put on and guaranteed to stay on. This band has a double clinch, making it much more secure than a single clinch. In fact, its coming off is impossible. Made in six sizes. No. 1 for Baby Chicks; No. 2 for Pigeons; No. 4 for Growing Chicks and Bantams; No. 6 for Hamburgs, Polish, Cochins, Bantams, Leghorns, and all breeds in the Mediterranean class except Minorcas; No. 8 for Minorcas, Cornish, Ducks, and all birds in the American class; No. 10 for birds in the Asiatic class, also Turkeys and Geese.

Prices, mailed, postpaid, numbered consecutively from 1 up—12 for 15c.; 25 for 25c.; 50 for 40c.; 100 for 75c.; 250 for \$1.75; 500 for \$3.00; 1000 for \$5.75.

CELLULOID KEY RING BANDS

Made in the following colors: White, Black, Yellow, Green, Red, Blue, Pink, Ruby, Light Blue, and Violet. Can identify fowls as far as you can distinguish colors.

	Per 12	25	50	100	250	500

Now Stay in Your Own Back Yard!
WARDEN'S FLIGHT ARRESTER To restrain fowls from FLYING. Can't fly over a three-foot fence. Keeps your fowls out of your neighbor's yard. Easily adjusted or removed and do not burden the fowl in the least. In use at following Experiment Stations: Ames, Iowa; Oklahoma at Stillwater, Purdue University at Lafayette, Ind.; New Hampshire at Durham; West Virginia at Morgantown. IN ORDERING state for WHAT BREED of fowls they are wanted for. Price, 15c each; \$1.50 per dozen, postpaid.

Get an Early Start and Watch Out for the Worms

KILL

Potato Bugs
Cabbage Worms
Tomato Worms
and many
Other Bugs of
the Leaf Eating
Variety

"BLACK DEATH" IS A FINE, GRAY POWDER, highly concentrated, and absolutely the most destructive combination insecticide for all insects that eat or chew foliage on the market. It will kill many sucking insects by contact, will stop many forms of mildew, and correct many forms of blight or fungi. Thousands of customers have expressed their approval of VAYCIDE BLACK DEATH, so don't delay making your purchase. Price, one pound, 25c.; 3 pounds, 50c.; 5 pounds, 75c. Cannot be mailed.

WITH

"BLIGHT AND BUG MIXTURE" Is a combination insecticide and fungicide that has had a wide and successful distribution, and thousands of gardeners have used it to great advantage for the prevention of many forms of blight that attack tomatoes, beans, potatoes and cabbage. It will kill on both vegetables and flowers all bugs and worms of the leaf-eating and chewing class.

Price, one-fourth pound, 25c.; half pound, 45c.; one pound, 75c. Not mailable.

"VAPORKIL" Kills insects by suffocation. It is one of the few really effective insecticides that can be sent through the mail. Is effective against potato bugs, cabbage, tomato, cucumber and melon worms, also many insects that infest flower gardens. It is a repellent of the Mexican Lady Bird Bean Bug, commonly known as the Yellow Bean Bug. Bugs will not come around gardens where "VAPORKIL" is used. Price, one pound, 35c.; 3 pounds, \$1.00; 5 pounds, \$1.50. If wanted by mail add 5c per pound.

LISTEN!

I OFFER NO PREMIUMS in order to get your business, but give you sixteen ounces of high-class quality for every pound of business I do with you. I am running a real, legitimate business, free from all get-rich-quick schemes, hot air, inflated prices and exaggerated claims. If you approve of this kind of business, I would be glad to have your order. If not personally interested, kindly hand this pamphlet to a friend. I feel that you would be doing them a favor, and I know you would be doing one for me. An order here and an order there, gotten in this way, all soon mount up to a big lot of orders. I am trying to give you all a good, fair, square deal, and a little better treatment than you would get elsewhere. I want to spread the business and enlarge it just as much as I can. I am always wanting more customers. You can help by speaking to that neighbor of yours.

Yours truly, **E. B. WILLIAMSON.**

NEW IMPROVED CUMBERLAND RASPBERRY

APPROACHED BY NO OTHER IN EITHER
QUALITY OR COMMERCIAL VALUE

OF THIS berry I cannot say too much in praise. It is the greatest commercial berry of them all. For canning it has no equal. It will develop a larger crop of fruit than any known variety and the plants will yield continually for years.

Plant This Year—Yields Next

My stock is wonderfully productive, producing regularly and uniformly very large crops. The berry is unusually firm and is well adapted for long shipments.

Greatest Value Ever Offered for the Money

These two varieties of raspberries are the beginning and end of every good quality in the raspberry list and should be grown in every garden.

MY PRICES—All One Kind or Assorted:

1 to 3 Doz. \$1.50
Per Dozen

4 to 6 Doz. \$1.25
Per Dozen

7 to 12 Doz. \$1.00

BLACKBERRIES ELDORADO

A STRONG growing, hardy variety; very productive, fruit very large, jet black in large clusters and of highest quality. Its keeping quality is unsurpassed and commands the highest market price. (Price same as raspberries.)

STRAWBERRIES

I HAVE come to the conclusion that for the average farmer and back-yard grower there is one variety that will fill the bill, one that is so much superior to all others, one that is self pollentizing and therefore a perfect berry, one that is hardy notwithstanding the severe winters, a good grower and plant maker, very vigorous, a prolific bearer of luxurious fruit, one that is adapted to every locality, in fact, one that has so many good points in its favor and so much superior to other sorts that I have concluded to handle this one kind:

SENATOR DUNLAP

This berry has established greater popularity than any other sort offered. Grows immense quantities of large, handsome berries that are a rich, dark red with glossy finish shading to deep scarlet on the under side. Noted for uniformity in size and shape. The rich, bright red of its meat and delicate flavor makes it really ideal. Be sure and plant a SENATOR DUNLAP garden this spring (March, April or May). Don't let this season slip by without doing so, but order AT ONCE while you have it in mind and before they are all sold.

Prices: 100, \$1.25; 200, \$2.00; 500, \$4.00; 1000, \$7.00
